

**Hudson Essex Terraplane Club
(Western Region)
Gem State Chapter**

April 25, 2022

Dear Dick & Lois,

Thank-you so much for hosting our group Saturday morning. It was good of you to come up and address the group. I appreciate it. Every single member told me they truly enjoyed visiting your facility and the presentations. It was kind of your volunteers to give up their Saturday morning to allow us to learn the history and details of how Rainbow Freedom Carts are made and distributed to over 103 countries. Please thank them as well on our behalf.

Those of us who rode the Freedom Carts had so much fun. I too did not make it up the hill. In retrospect, I wish I had attacked it at an angle. I may just have to come out and try the challenge again!

I also want to thank Joe for making the arrangements and gathering the team. I miss our social gatherings and the 'Brew Ha-Ha's.'

We had a Club meeting Saturday afternoon and it was voted and approved to buy a Rainbow Freedom Cart. Paul Johnson will be mailing the Inland North-West Trinity Project a check in the amount of \$250.00 on behalf of the Gem State Hudson Club.

Dick, you are a remarkable man who 'lives boldly' (your words, not mine LOL) and has created a ministry that impacts the least of those that God loves dearly. May He continue to bless you, your team and the mission. It is absolutely remarkable.

Many Blessings,

Richard J. Hawley, Secretary
Gem State Hudson Club
