

11/2/23

To: Bill Gray, our faithful wood cutter from Kent

From: Richard Carpenter Jr, CEO of Trinity and the Board

Cc. Don Mattocks, Cliff Garrison, Maurice Feryn, Joe Kramarz, Board members

On behalf of the Board Members, the painters, the other Trinity volunteers and especially to the over 4000 recipients of our carts we THANK YOU. Your service to others in your long career culminating in being such a valuable Trinity contributor will be missed.

We enjoyed so much having you and Ted here in Spokane to do a "load out" of the 70 carts being placed in a semi-trailer for shipment to World Vision. Your Can Do attitude when you jumped in and pushed those 100-pound boxes around will be remembered. We have pictures to prove it.

Your work in wood working was noted in the surprise feature in our Trinity Newsletter about your skills. I had no idea you did such a variety of carpentry. The "coincidence" of your having spent many years in the transportation business for Delta and Boeing eminently qualified you to be a Trinity volunteer.

😊 Seriously, your heart for "the least of these" comes through mightily.

Your move to the wonderful sounding retirement center, will be taking you out of your shop. It must be difficult for you but as you said earlier; it was time. However, as the video you produced and starred in said it will be Bill's Excellent Adventure. We at Trinity wish you the best.

Richard Carpenter, Jr (Dick)

Cc, Joe Kramarz, Scribe
